Symbol Technologies Inc. Accepts Cetaris into the Symbol PartnerSelect Program

Cetaris Inc. is pleased to announce that Symbol Technologies Inc. (NYSE:SBL), The Enterprise Mobility Company, has accepted Cetaris into the Symbol PartnerSelect program. Cetaris and Symbol started working together in 1998 when the first prototype of a Symbol wireless Pocket PC hardened for a shop environment was made available to Cetaris to support the R&D program for Cetaris Fleet Assistant fleet maintenance system.

"The excellent collaboration that has taken place between the Symbol Technologies and Cetaris teams has allowed Cetaris to develop leading edge wireless modules for Fleet Assistant that extends Symbol's market presence onto the shop floor in the maintenance facility", said Ric Bedard, President and Founder of Cetaris. "These wireless modules for Fleet Assistant allow Cetaris clients to achieve a new level of efficiency, data quality, and data timeliness".

"Cetaris has successfully implemented Symbol wireless technology with leading for-hire and private fleets with excellent results and we look forward to continuing to work together to jointly providing enterprise mobility solutions that will increase productivity, reduce operating costs and drive operational efficiencies", said Denis Wills, Symbol Technologies Business Partner Director.

About Cetaris

Cetaris Software Inc. as a premier provider of enterprise asset management solutions helping organizations around the world reduce the cost and complexity associated with managing their fleet related assets. Their solution Fleet Assistant was built by fleet people for fleet people, whose evolution began on the shop floor with an understanding and emphasis on the needs of fleet owners, managers, service technicians and administrative personnel. Their solution continues to evolve addressing all the key requirements a business demands to optimize the performance and productivity of its fleet related assets. Consequently, today some of the world's largest; most sophisticated and efficient organizations depend on the Web Fleet Assistant to manage millions of their assets in more than 50 countries worldwide.

Headquartered in Toronto, Cetaris is more than just a software provider, combining exceptional human capital, with best of breed business processes and world class software tools to deliver a robust, turnkey solution.
